</tr>
</tbody>
</table>
Your Question

1. Project defining question about power.

2. 3-4 sub questions that will help answer different areas of your defining question
Possible Project Outline

Defining Question

How might a new society be run?

What will define power in the future?

How has Oil Shaped Power in the Middle East?
How would law and order be maintained?

What would the economy be based on if there was no trade?

What would be the system of government and how would it work?

How would a growing/ageing population be managed?

What forms of culture would be developed and for what purpose?

How might a new society be run?
